

QUALITIUM GEAR PS 75W/80

Premium class gear oil, meeting many OEM standards, using the latest technology, intended for gearboxes requiring 75W/80 oil - mainly from European and Asian manufacturers.

SPECIFICATIONS

API: GL-4

SAE: 75W/80

MEETS REQUIREMENTS

Table page 2 of the PDS card

AVAILABLE OIL VOLUMES

1L, 5L, 20L, 205L, 1000L

APPLICATION

- for transmissions operating in most severe conditions (at high speed and low torque as well as low speed and high torque)
- due to its high quality, it meets the requirements of many car manufacturers
- it contains a package of modern additives that ensures proper operation of synchronizers made of various types of materials
- oil can also be used to solve problems with noisy gearbox operation and in case of difficulties with changing gears

ADVANTAGES

Ensures ideal protection from mechanical wear and tear, reduces wear by at least 15% in comparison to corresponding oils.

- robust synchroniser performance on all key material types
- superior bearing and gear protection
- excellent cleanliness
- good low temperature performance

Parameters	Value
Kinematic viscosity at 100°C (mm ² /s)	9,5
Viscosity index	160
Flash point (COC, °C)	210
Pour point (°C)	-43

*The above are typical physicochemical values. The actual physicochemical values are to be found in the laboratory report attached to each batch of the product.
